3.	LG:	Yeah yeah, that's – that's the compounded stuff.
4.	UF:	Yeah, I mean, they just – those are the only other two that came today with the Medisca stuff. Alright this sheet is out.
5.	LG:	Okay, so now go into the office in the uh in the house. Uh you are going to have to scribble Seth Fishman's name, but you'll see where I've scribbled it on previous ones. There's no definition of any number uh – any letters so.
